John L. Scott

**Paul Kocharhook**  
Owner/Remodeler  
Pathway Design  
& Construction

**Gerry Cherney**  
Occupational Therapist  
Indeboom, LLC

We know that aging in place is a goal shared by the vast majority of older people in the U.S. (AARP Public Policy Institute 2014 survey). What if your present home doesn't meet your changing needs? Hear three perspectives on remodeling for aging in place. Learn what issues you should consider and what steps you can take to make sure the home you grow old in is both comfortable and safe.

This presentation is free and open to the public. RSVP: [www.surveymonkey.com/r/LPMCG95](http://www.surveymonkey.com/r/LPMCG95)
